## Scuba Lubricants from Aerospace Lubricants Inc.

ScubaGaskets proudly announce the representation of the Oxygen Safe Lubricants of Aerospace Lubricants Inc.

Aerospace lubricants is one of the leading companies in the area of scuba lubricants. With over 35 years of cutting-edge science, Aerospace Lubricants offer their latest Tribolube® line of products that is furthering the sport of scuba diving. Unlike competitive products, the Tribolube® line of products offer superior extreme pressure and anti-wear properties extending equipment life by dramatically reducing corrosion and sticky, residue buildup. With breakthrough science and technology, Tribolube's® revolutionary formulas make underwater breathing easy, no matter what the climate. Innovative packaging allows for a more accurate application, making Tribolube products easier to use than the competitive brands.

The Tribolube® line of O2 safe lubricants are compatible with all o-rings and materials used in the scuba industry – leading the way to safer, easier and more enjoyable scuba diving experiences.
